

SWOOP TABLETOP SCULPTURE, BLACK WOOD

Small

One look at the Swoop Small Sculpture and it's clear that creating drama with wood is in the Phillips Collection DNA. Uneven bands of wood are curved and wrapped around each other in an asymmetrical design that creates a powerful curved wood sculpture. We've placed the spooning slats on a minimal black metal base to keep the overall lines of the decorative accessory clean. We also offer the Swoop in a larger sized tabletop sculpture and as a piece of wall art, each of which reflects the ethos that Phillips Collection personifies: modern organic.
