

## WATERFALL DESK

The Waterfall Desk is a 21st-century marvel made from centuries old reclaimed chamcha wood that we've rescued from being one of Nature's finest castaways. The swirling and flowing patterns on the surface of the wood desk introduce texture and warmth into a space, while the sleek black shelves bring it a contemporary feel. Because this piece is crafted from natural solid wood, color and woodgrain character may vary, adding a unique personality to each piece. In the age in which many of us are working from home, it makes sense to treat ourselves to a personable workspace help mate like the Waterfall home-office desk.
