

## PRISM STOOL

Natural

We at Phillips Collection are known for our furnishings in personable wood that we responsibly source from the jungles of Asia. We have rescued the reclaimed wood pieces like the Prism Stool from being one of Nature's finest castaways by making them into elemental design statements. One design distinction of note on this wood stool is the natural graining on its surfaces that illustrate the life of the tree. This square stool reflects the ethos that Phillips Collection personifies: modern organic.
