

FRAMED SLICE WALL TILE, WHITE FRAME

Set of 4

The perfect example of how we use even the smallest pieces of natural wood we source, the White Framed Slice Wall Tile Set includes four pieces of wall art embedded with slices of chamcha wood that many product designers would see as useless castaways. The warmth of the wood and the crispness of the white metal frames are juxtapositions, as are the textural grain of the wood and the clean profile of the frames. We offer a number of frame colors in this family of products, each of which personifies the modern organic ethos for which Phillips Collection is renowned.
