

RIVER STONE COFFEE TABLE

Wood Leg, Assorted

The Skipping Stone Large Natural Coffee Table is a traditional design that inspires nostalgia for the great era we now call Americana with a twist. It is made of wood in a natural finish in assorted shapes. Oblong tables have commanded the middle of American living rooms and dens since our country's great woodworkers began plying their trade. We simply chose a reclaimed piece of wood in an organic shape to increase the table's appeal. A design detail of note is the minimal matching wood leg, which contemporizes the design a bit.
