

BOSCAGE COFFEE TABLE ON BLACK METAL LEGS

Rectangular

We at Phillips Collection are known for our furnishings in personable chamcha wood, a golden acacia that we responsibly source from the jungles of Asia. The Boscage Rectangular Coffee Table contains a collection of pieces we've rescued from being one of Nature's finest castaways by making them into an elemental design statement. Several design distinctions of note on this wood coffee table are the natural graining on the surfaces, the textural beauty of the rings on the tops of the wood slices that illustrate the life of the tree, and the burnt edges on some of the pieces we've joined together to create this masterpiece. The coffee table reflects the ethos that Phillips Collection personifies: modern organic. We offer the Boscage in other shapes and configurations.
