

## BOSCAGE CONSOLE TABLE

Iron Frame

We at Phillips Collection are known for our furnishings in personable chamcha wood, a golden acacia that we responsibly source from the jungles of Asia. The Boscage Framed Console Table contains a collection of pieces we've rescued from being one of Nature's finest castaways by making them into an elemental design statement. Several design distinctions of note on this wood console table are the natural graining on the surfaces of the logs, the textural beauty of the rings on the tops of the wood slices that illustrate the life of the tree, and how perfectly the slices of wood are joined together by the frame that creates this masterpiece. The console table reflects the ethos that Phillips Collection personifies: modern organic. We offer the Boscage in other shapes and configurations.
