

JILL WOOD SCULPTURE

The Jill Wood Sculpture is handcrafted from solid acacia wood and mounted on a sleek iron base. The asymmetrical kickiness of the wood pieces that craft her and the clever way she is put together makes this tall sculpture a contemporary masterpiece made from a natural material. The wood grain adds a large dose of texture to a space. We also offer a Jack Wood Sculpture, which perfectly pairs with Jill, but each is just as striking when they go solo. Both of these personify the Phillips Collection ethos of modern organic.
