

## BUTTERFLY WALL ART

White, SM

The lacy profile of the Small White Butterfly Wall Sculpture flows out from the wall and sweeps up into filmy wings. Though the effect is one of fluidity, this decorative accessory is made of metal that has been powder-coated in a crisp white. Placed on a pale wall, the tone-on-tone beauty will become more evident when light wafts through its intricate veining to create shadows. Hung on a boldly colored wall, it will contrast any hue beautifully. We offer these decorative sculptures in three sizes, which are even more powerful when hung in tandem. This piece is the perfect representation of the Phillips Collection ethos: modern organic.
