

BRIDGE CONSOLE TABLE

At Phillips Collection, we are on a mission to bridge the gap between natural forms and newage design. Our Natural Bridge Benches feature a captivating arched shape that runs between two supporting legs on either side of the console, creating a truly one-of-a-kind look that's reminiscent of a real bridge. We offer Bridge Benches in a variety of other finishes including gray stone, perfect brown, and burnt edge. Each of which is a perfect representation of the Phillips Collection ethos: modern organic.
