

CHASM COFFEE TABLE

A chasm is a deep crack within the surface of the Earth. Formed from the shifting of tectonic plates beneath the earth's surface, these natural wonders are one of Mother Nature's most beautiful brush strokes. The Natural Chasm Coffee Tables from Phillips Collection aim to mimic that feeling of awe and wonder from gazing down into the Earth's crust. The Chasm Coffee Tables are also offered in gray stone and burnt edge finishes, all of which represent the Phillips Collection ethos: modern organic.
