

## CHASM SIDE TABLE

### Burnt Edge

A chasm is a deep crack within the surface of the Earth. Formed from the shifting of tectonic plates beneath the earth's surface, these natural wonders are one of Mother Nature's most impressive brush strokes. The Burnt Edge Chasm Side Tables from Phillips Collection aim to mimic that feeling of awe and wonder from gazing down into the Earth's crust. The Chasm Side Tables are also offered in a natural finish as well, both of which represent the Phillips Collection ethos: modern organic.
