

OLYMPIC RINGS WALL ART

Chamcha Wood, Perfect Brown

There are few products we offer that better reflect the modern organic ethos Phillips Collection personifies than the Olympic Rings Wall Art. Made of chamcha wood, the rings are asymmetrically shaped due to the fact they are culled from slices of tree trunks that Nature has hollowed out. Our artisans have fastened them together in an artful display. This is a perfect piece of decorative wall art for a room with a modern farmhouse style, for a great room in a lake cabin, or a statuesque space in a chalet off the ski slopes. With this piece, we have rescued the reclaimed chamcha wood from being one of Nature's finest castaways by making it into an elemental design statement.
