

PERSPECTIVE WALL ART

Rectangular, Sitting

Perception is a critical tool where interior design is concerned, and we've created the Perspective collection of wall art to shake things up a bit. The series of decorative wall sculptures has playful thin figures encased in telescoping wire cages that seem to stretch and morph before the eye, as you can see from the Perspective Front Waving Wall Art. This is one of our collections of wall art that is perfect for hanging in gallery wall installations, and is one that you can play around with to your heart's content. Each of these pieces of decorative wall art reflects the ethos that the Phillips Collection personifies: modern organic.
