

IRON FRAME COUNTER STOOL, NATURAL

We at Phillips Collection are known for our furnishings in personable wood that we responsibly source from the jungles of Asia. The Iron Frame Counter Stool has a seat we've rescued from being one of Nature's finest castaways by making it into an elemental design statement. Several design distinctions of note on this wood and metal bar stool are the natural graining on the surface of the seat and how perfectly the slice of wood is cradled by the frame. The counter stool reflects the ethos that Phillips Collection personifies: modern organic. We also offer this design in a shorter stool and as a bar stool.
