

HONEYCOMB WALL ART

SM

The Honeycomb Small Wall Art will have those who spy it buzzing. Made from thick-gauge metal that is laser cut and finished in a satin metallic hue, the gold wall sculpture extends from its smartly hidden mounts to make it appear it is rippling. This gives the impression that the decorative accent is always in movement. We also offer the Honeycomb in medium and large sizes, which makes these beautiful gold wall sculptures perfect for arranging in a gallery-wall installation. Each of these reflects the ethos that Phillips Collection personifies: modern organic.
