

CHULETA BAR TABLE ON BLACK METAL BASE

Chamcha Wood, Natural

The perfect example of how we use even the smallest pieces of natural wood we source, the Chuleta Natural Bar Table is made from a slice of chamcha wood that many product designers would see as useless castaways. We rescued it and placed it atop black metal legs. The warmth of the wood and the texture of the grain makes this an elemental introduction to a space. We offer this table in a gray version and have Chuleta wall tiles in our line-up as well. All of these personify the modern organic ethos for which Phillips Collection is renowned.
