

CHAINSAW SCULPTURE ON STAND

White/Gold

Though the texture of natural woodgrain is always a lively element in a room, carving into surfaces in a sunray pattern gives the material added oomph. Our Chainsaw family of products, which includes the Chainsaw White Sculpture on a Stand, packs a punch with its distressed feel. Notice how the carved indentions flow from the middle to the sides and give the illusion they are in motion, details that bring this wood sculpture an industrial chic feel. Along with sculptures, we have wall tiles and tables in the Chainsaw lineup, each of which reflects the ethos that Phillips Collection personifies: modern organic.
