

FREEFORM MIRROR

Gray Stone

We at Phillips Collection are known for our furnishings in personable woods, including chamcha, a golden acacia that we responsibly source from the jungles of Asia; teak, and mango. We have rescued the reclaimed chamcha wood pieces that make up the frame of the Gray Stone Freeform Mirror from being one of Nature's finest castaways by making it into an elemental design statement. One design distinction of note on this decorative mirror is its slight medallion shape. This gray mirror reflects the ethos that Phillips Collection personifies: modern organic.
